**ORDER GRANTING MOTION FOR RECONSIDERATION**

This proceeding is before the Board of Alien Labor Certification Appeals (the Board) pursuant to Employer Herder Plumbing, Inc.'s request for administrative review of the Certifying Officer's denial of temporary labor certification under the H-2B program. On January 23, 2019, I entered the Decision and order reversing the CO's denial. The CO filed the Motion for Reconsideration on January 25, 2019, stating that Employer has not yet engaged in recruitment. This Motion is well-founded. Employer has no objection, with the understanding that, upon receiving a notice of acceptance, recruitment will begin.

Accordingly, the CO's Motion for Reconsideration is GRANTED. The Certifying Officer shall continue processing the Employer's Application for Temporary Employment Certification in accordance with the regulations and the Decision and Order issued on January 23, 2019.

**So ORDERED.**
